## REMOTE PRESENTER

If you can't make it to us, we can come to you. We have the ability to film and broadcast your presenters remotely from any location. The signal is sent to our editing and broadcast studio and streamed to your audience live. You have a front seat in the production with comms live from the site, and the ability to direct and communicate to our team.

We can provide solutions for any remote based presenters to join your virtual event.

# THE DETAILS

## CUSTOM DESIGNED AND BUILT STUDIO SET

Our in-house team of builders, cabinet makers, painters and signage printers are also at your disposal to create the customised look you wish to achieve.

Our bespoke furniture pieces are at your disposal to dress your set.

## HYGIENE

Based on the guidance from authorities, we have undertaken several COVID19 protective measures to be able to continue serving our customers safely and effectively. We have enhanced the cleaning procedures at our warehouses and offices.

Here are a few examples of our guidance for our employees in the current situation:

- Attendance registration is mandatory for all visitors/clients to allow for contract tracing
- Masks required as per state recommendations
- Hand sanitiser provided to all studios
- Studios and equipment are thoroughly cleaned between every job.
- Our warehouse staff have been instructed to maintain excellent hand hygiene at all times
- Any employee showing signs of illness or feeling unwell is to notify their manager immediately, and seek further advice from their state based department of health.

We will continue to monitor the situation closely and adhere to all advice of authorities.

Microphones and headsets are cleaned before and after every use.
