

SMC Connectivity

SMC Conference & Function Centre (SMC) knows digital connectivity is vital to the success of your event. That's why we've invested in super fast and secure, state-of-the-art fibre-optic cable internet providing your event with upload and download speeds of up to 400 mpbs.

Simply choose the solution that best suits your needs

SMC FREE WI-FI

This complimentary service is shared by all visitors to SMC. It is not designed to provide a guaranteed number of concurrent users in a particular location, however is more than suitable for basic internet browsing, email and social media.

WIRED CONNECTION

A Wired Connection allows you to be directly connected to our network and is the perfect solution if your event requires video live streaming, webcasting or video conferencing, for example. As the option with the greatest security, Wired Connection is ideal if you are looking for secure and steady access for long periods of time.

PREMIUM WIRELESS

With SMC's Premium Wireless option, you will be given your own login and password for private access to the wireless network. With upload and download speeds of up to 400 mpbs, Premium Wireless is best suited to events requiring all attendees to be connected and events utilising multiple spaces, or for file sharing, VPNs and online workshops. Premium Wireless download speeds vary depending on the number of users at any one time and can be packaged with other services to suit your needs.

SMC Connectivity Plans

CONNECTION TYPE	COSTS
SMC Free Wi-Fi	Free
Wired Connection	\$50.00 per connection per day
Premium Wireless 400 mbps upload and download	\$299 per network \$100 additional per day

For best results we recommend the use of 5GHz wireless compatible devices. Older 2.4 GHz devices are supported but results can vary in line with the limitations of the device.

Please contact your SMC event manager to discover which service will work best for you.
